# Circular textiles, what's going on in the Netherlands?

- ◆ The Dutch Circular Textile Valley: 4 specialised regional initiatives in circular textiles <https://www.dutchcirculartextile.org/>
- ◆ The Policy Plan for Circular Textiles 2020-2025 from the Ministry of Infrastructure and the Environment: Extended Producer Responsibility legislation in coming years?
- ◆ NL NextFashion & Textiles, Modint and 4 UAS's in textiles and clothing: ArtEZ, TMO, AMFI/HvA and Saxion [www.nlnextfashionandtextiles.nl](http://www.nlnextfashionandtextiles.nl) Strategic (research) agenda. Top Sector policy for the Creative Industry is organised by [www.clicknl.nl](http://www.clicknl.nl) , also doing CIRCO tracks with companies interested in circularity.
- ◆ Larger context: the Agreement on Sustainable Clothing and Textiles, implemented by the SER, signed by 80 companies
- ◆ The need to connect these programs to streamline efforts and connect the social and environmental components in Sustainability and Circularity: "The Textiles Pact"

- ◆ The desire to further link these agenda's to:
- ◆ the programs of other Universities and other UAS's in the field of circular materials, like WUR Wageningen, Haagse Hogeschool and Polytechs of Eindhoven, Delft
- ◆ The policies of governments (Regional, Perspective programs, Smart Industry etc.)
- ◆ and most important: **Europe** (Green Deal, Euratex, ETP, Intereg program on Circular Workwear, Horizon 2020, fellow organizations, knowledge institutions). UAS's in textiles work together in NETFAS on European level <https://www.netfas.eu/>
- ◆ What are Circular Textiles? June 25 presentation of the Dutch Technical Advice on Circular Textiles with NEN and Modint, Powered by CLICKNL and ultimately RVO!
